

I am grateful to parents who give us pride of serving them by sending their children to the institution. In today's materialistic world it is our duty to provide religious moral and ethical education along with academic education.

" If a plant is carefully nurtured by a Gardener. It will become good and provide better fruit. Therefore, children must be given a good training from their earliest childhood."

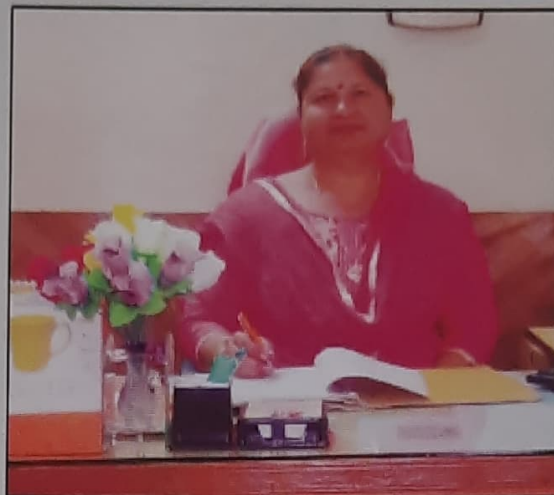

Children are that real assets of the nation. Primary education plays a vital role in an individual's career and intellectual development. It works as a social foundation for success in new phase of life. These day we are witnessing many institutions, which do their level best for this purpose. I take pride that our school has produced top achievers.

I must mention that we are proud to have team of talented and well educated staff who are experts in their respective subjects.

From a humble beginning, we have now grown into full plugged education service provider. I wish to thank parents, Teachers, administrator, staff as well as students who have contributed to this journey of our organization and to be a part of BABA GANGA RAM PUBLIC SCHOOL.

M.P. Singh
M.D.

PRINCIPAL'S MESSAGE

With the passage of time, the education system of India is going through rapid changes. In our school we are trying to complete with International standard to uplift the mental, social, Physical level of the child we build not just building and classrooms of great culture of excellence and performance.

As a Parent you want the best for your child and we are blessed to working with you to ensure that your child is having right and useful knowledge to in tract with future challenges. Our school's aim to provide education which help children to realize and explore their potentialities and hidden talents. The teachers will also be working on our exiting curriculum to sharpen the learning of our student. with a short period our school emerged as a center of excellence in education. I extend my good wishing to all faculty member as well as student in the noble task of nation building through quality education.

Mrs. Radha Sethi
Principal

INTRODUCTION

FOUNDER

Late Sh. Vikram Singh Sethi established Baba Ganga Ram Public School on 26th February, 2000. He wanted more and more children gain good education. He donated a property to Dera Baba Ganga Ram Samiti for establishment of Hanuman Temple. Our school is progressing by leaps and bounds with his blessings.

This school is named after spiritual saint "Sh. Baba Ganga Ram Ji" The pioneer of this very institution is Sh. Vikram Singh Sethi, whose efforts made this dream come into reality where students get their education without the barriers of caste, religion and untouchability.

This organization is a great blessing for this area which provides ample opportunity to talented young student to explore their expertise our managing committee and worthy principal are very conscious for

the all round development of the students of this institution So, they make many new adjustment in their behavior to adjust with modern society which purely guided to their goals. The school building is beautiful and rooms are built while keeping mind of proper lighting and ventilation.

Since the advent of computers keeping mind the need of new era learning provides through smart classes, play way methods, computers labs, sports, equipments gardening beds are main attraction of institution. Sound soul lives in the sound body. Healthy body keeps students active and away from plenty of distraction. In order to continuity of learning process. Dispensary is also for routine check up of students.

To keep an eye on single student's academic performance and behavior among other student their activities have been watched under camera surveillance in every single class, playground, labs, smart-classes etc.

It is the duty of the school to bring out best in the child. In order to this, skills like writing, dancing, reasoning, drawing crafting, gardening etc are promoted through extra classes Extra teachers are also available for this purpose. Our school has tried to bring forward the hidden creativity and thoughts of the student.

The school encourages to develop the hidden talents through Co-curricular activities like march pass, band, sports-meet, music, moral education, reasoning test some stage activities develop through function e. g, 15 Aug, 26 Jan. Annual Function, Talent search Teachers day etc.

MISSION & VISION

MISSION

Baba Ganga Ram Public school, Gidderbaha has a mission to develop the intellectual and creative faculties of our teachers to enable them not only to withstand the changes in the field of education but also to lead by innovative initiatives and to prepare prospective teachers for the global, diverse, change intensive and technologically sophisticated environment of present and future.

VISION

- Shape up the illustrious personalities of tomorrow by the farsightedness and commitment of future teachers.
- Transmit the right attitudes, values and ideals to the future generation of India.
- Achieve academic excellence through hard work.
- Achieve society desirable behavior.
- Grabbing the pupil teachers to associate our shoulders the responsibilities and appreciate the privileges of life in a democratic setup.
- Enable them to discover their special talents and give a practical shape to them.
- Exercise responsible leadership.
- Show reverence for all that is noble and to inculcate the spirit of self sacrifice for the sake of mankind.

APPROACH TO LEARNING

Experimental Learning. Instead of learning being teacher led delivery of knowledge, the teacher and students together construct knowledge, so as none left out this creative and exciting experience. This is then supported by field experience and project work; simple or complex but is acquired knowledge to

test that creates and unforgettable experience of fun, joy and enduring learning.

Engaging & Enduring : Learning by creating an experience, rather than by rote, is engaging. Thus reducing examination stress on one hand promoting excellence on the other.

Responsible Citizenship : The learning processes are perhaps the most distinctive at Baba Ganga Ram Public School. The aim at making the students autonomous lifelong learner, excelling academically & in all manners, growing up.

Strong Foundation : Coupled with a strong foundation of social and moral values of the students at BGRPS develop a respect for the rich heritage of the past while mastering the complexities of modernity.

INFRASTRUCTURE AND LEARNING RESOURCES

COMPUTER LAB

we have spacious a well equipped computer lab proved to be a very strong toll in academic development of student. We have computers with colored monitor, multimedia system, scanner and printer.

COMPETITION & APPRECIATIONS

Competition allows students to extend themselves to explore their capability and maximize their true potential. To go withy this process our students are assigned with various such competitions.

CURRICULAR ACTIVITIES

For every lesson, there is a selected activity to make it interesting. Here teachers conducting writing competition.

ACTIVITY DAY-SATURDAY

Our curriculum aims to extend the opportunities for all students and create memorable experiences. This is more evident in our Saturday activity time table.
